- Routing and I/O
- Workflow and Automation
TAKE STUDIOS TO THE NEXT LEVEL

HARMAN Professional provides solutions that support the wide spectrum of broadcast radio requirements. With everything from microphones to mixing consoles to I/O routing automation to reference monitors, HARMAN has the perfect solution for radio productions of any size.

AUDIO CONTROL ROOM
Automated Audibility
Live radio productions require operators to make a number of changes and adjustments very quickly. With Studer all-in-one consoles and routing automation solutions, radio broadcasts run smoothly and can seamlessly adapt to unexpected changes.

OUTSIDE BROADCAST TRUCK
Inform and Adapt
The broadcast world is ever-changing, whether due to a weekly sporting event moving to a new city or due to shifts in the technology landscape itself. HARMAN’s OB truck technologies provide the ultimate in flexibility and future-proofing to ensure the perfect solution for any situation.

STUDIO
Legendary Sound
AKG products have been used in radio broadcasts for over seventy years. With industry-leading condenser microphones and broadcast headsets, HARMAN has the perfect solution for any studio.
Wherever you are, you can always contact us. We have dedicated team members ready and knowledgeable around the world who know our products inside-out.
